Nm – Not meaningful

- ▶ The overall decrease in Food, liquor and home care is mainly as a result of the lower contributions from RCL Foods and TSB

RCL FOODS (77.7% effective interest)

During the year, RCL Foods' results were negatively impacted by:

- ▶ Material foreign exchange losses as a result of the early redemption of Foodcorp's Euro-denominated debt

- ▶ Continued high levels of cheap competitive chicken imports and high input costs

- ▶ Distell's contribution to headline earnings includes the investment in Capevin Holdings
- ▶ Distell acquired Burn Stewart in April 2013 and, for the current year the earnings include a favourable remeasurement of R159 million to the contingent consideration payable; compared to the prior period's results being negatively impacted by new business acquisition costs and an interest provision on excise duty totaling R265 million
